## Guide to Health Informatics by Enrico Coiera ...

Spanning areas as diverse as the electronic medical record, searching, protocols and communications as well as the Internet, Enrico Coiera has succeeded in making this vast and complex area accessible and understandable to the non-specialist, while providing everything that the student of medical informatics needs to know to accompany their course.

## The Guide to Health Informatics 3rd Edition | Enrico Coiera

If physiology literally means 'the logic of life', and pathology is 'the logic of disease', then health informatics is the logic of healthcare. The expanded and completely revised 3rd Edition is now available. Reviews "Comprehensive. Timely. Readable. Interesting. Useful as a textbook and/or reference. Relevant. Highly recommended."
